

## IKE AND CHURCHILL 'GET DOWN TO ISSUES'

### About Town

And Country

By TIMOTHEUS T.

#### Doctoral Study By Wendell C. Lanton Attracts Attention

MAIL: This is the day we submit to you a bit of the correspondence received this week:

FROM EVANSTON, Dr. Wendell C. Lanton, formerly of Carrier Mills who has just received his Doctor of Philosophy degree from Northwestern, writes:

"I understand that the June 23 issue of the Register carried a news release of my dissertation. I want to thank you for that and also the news item of my graduation.

"I did not realize the interest that would be exhibited in my study until June 14 after graduation. The dissertation in the program and action. The reporters saw the title of the dissertation and the Northwestern university prepared a news release. All Chicago papers carried the story as well as others. I am told, through the country.

"Time magazine, Newsweek and Maclean's of Canada, and several others have sent reporters out to the university. I am told that TV analysts have been discussing it—John Daly, etc.

"I am rather overwhelmed by it all, as you can well imagine. I had worked very hard on this research for some time but did not anticipate any interest other than local interest."

(Lanton's dissertation is a doctoral study on how today's children compare in scholastic achievement with youngsters about a generation ago.)

FROM LOUISVILLE, KY, writes the office of the Corps of Engineers, U. S. Army:

"Colonel W. D. Milne, district engineer at Louisville, wishes to report that the Board of Engineers for Rivers and Harbors, at its meeting on 11 June 1954, considered the Saline River and Tributaries, Illinois, report and took the following action thereon:

"It recommended improvement of Saline river at an estimated cost (revealed in Daily Register story June 12) of \$5,970,000, consisting of \$5,396,000 for construction work to be performed by the United States and \$374,000 to be borne by local interest for lands and right-of-way, highway bridges and utility alterations.

"Local interests will be required to make a cash contribution of 15 per cent on the cost of construction, presently estimated at \$840,000. On this basis, the federal cost is estimated at \$4,756,000 and cost to local interests at \$1,214,000."

FROM PONTIAC, MICH., comes the news that Ray Meacham, formerly of Harrisburg, is returning home July 25 for a two weeks vacation after making good as owner and operator of the White Rock Poultry farm in Drayton Plains, Mich.

Mr. Meacham desires to see all his friends in this area when he arrives.

FROM THE JOKE BOOK: Dad—That boy will be the death of me yet!

Mom—What's wrong now?  
Dad—He wants to know what would happen if he mixed a bottle of ink eradicator with a bottle of ink!

#### Scott Base Airman Sentenced for Impersonating Officer

SPRINGFIELD (UP)—A Quincy, Ill., airman, stationed at Scott Air Base, today began a six-month jail sentence for impersonating an officer.

Federal Judge Charles G. Briggs imposed the sentence on Pvt. Richard M. Emerick Friday. Emerick pleaded guilty to posing as a captain to obtain a new car from a dealer.

#### Mrs. Daisy Prather Dies at Eldorado

Mrs. Daisy C. Prather, 76, 1500 Elm street, Eldorado, died in the Ferrell hospital today at 9:30 a. m. She is survived by the following children: Sam Jarrell, Harrisburg, Luther Prather, West Virginia, Mrs. Wilford Sutton, Eldorado, Mrs. Pauline Harrison, California, and a step-daughter, Mrs. Beulah Prather, St. Louis, Mo.; 14 grand-children and six great grandchildren.

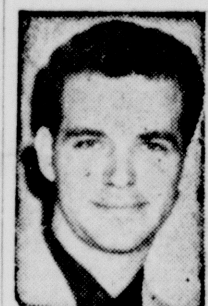

The body will lie in state at the Martin funeral home and the funeral arrangements are incomplete.

#### SALINE COUNTY OIL REPORT: 16 Drilling Operations In Saline County

By BOB SKEELS

There are sixteen operations in the county this week, three of which are wildcats. Three miles south of Harrisburg, the Joe Ash-off and Associates No. 1 A. L. Smith, in the southwest corner of 2-10-66, is not looking so good. After drilling to a total depth of 1264 and setting a 4 1/2 inch casing on the Paleocene, the test swabbed only a very slight show of very heavy oil, so now they are deepening it with cable tools on the Waltersburg sand due about 1350. They were digging ahead today at 1329.

The wildcat test in the northwest corner of the county two miles east of Thompsonville, is awaiting cable tools this week after setting casing on the lower McClosky lime which is believed to have flowed clean oil on a drill stem test. It's the Collins Brothers No. 1 Paul Jones, NE SW NW, 19-7-56.

Set Casing on Jones No. 3  
West of Eldorado, John Stelle and Associates have set casing on their No. 3 test on the John J. Jones lease in 20-8-76. Shows of oil were found in the Waltersburg, Paint Creek and Aux Vases sand. A drill stem test on Waltersburg gassed in 22 minutes and recovered 180 feet of clean oil, with a bottom hole pressure of 760 pounds per square inch. A test of the Paint Creek got 600 feet of gas, one foot of clean oil and 29 feet of oil mixed heavy mud with a BH pressure of 392 pounds. The Aux Vases was not tested.

The same operators No. 1 Claud Brown, SE SE NW, same section

### Record Heat Wave Continues

By United Press  
The Midwest's worst June heat wave on record seared on into the weekend today.

The first Gulf hurricane of the season rained itself out along the Mexican border. In Iowa, the danger from floods diminished rapidly.

The sticky blanket of tropic air stretched from the Rocky Mountains to the East Coast.

Typical temperatures Friday were 105 degrees at Russell, Kan., and La Junta, Colo., 100 at Chicago, 93 at Detroit, and 92 at New York.

Chicago today had its 14th day of over 90-degree weather this month and the weather bureau saw no relief through the weekend.

Hurricane Alice, which hit the Texas and Mexican gulf coasts Friday, caused two deaths, a score of injuries, and heavy crop and property damage.

At Des Moines, the clear skies accompanying the heat wave came as a Godsend. City officials said 1,000 families, evacuated from their homes as the Des Moines River threatened to burst the dikes, will be able to return late Sunday.

Complete First Part of  
Paving on Dixon Springs-  
Mitchellville Road

The S. J. Groves Construction Co. today was scheduled to finish its first stretch of pavement, from a point two and a half miles south of Eddyville to Glendale, a distance of nearly three miles.

When this is completed the company will begin paving the stretch between Eddyville and the point where the first pavement was started.

Groves has the contract to pave approximately 23 miles of pavement between Mitchellville and Dixon Springs.

is cleaning out after running a squeeze job on the Cypress sand 2572-93 which tested water. The Paint Creek sand also made water after fracturing and the Aux Vases sand swabbed 13 barrels oil per hour right after fracture treatment then settled to four barrels per hour.

Their No. 2 Claud Brown, and No. 1 Choisser and Cole Community, both in section 20-8-76 are still locations, to be started in a few days by Byron Rucker of Mt. Vernon.

Apply for Permit  
Byron Rucker and Bud Rue's No. 1 Slow Heirs is digging ahead today below 2875. A two hour drill stem test on the Cypress sand 2550-76 got 680 feet of gas, 45 feet of oil mixed mud with a bottom hole pressure of 750 pounds.

Rucker and Rue have applied for a permit to drill a test on the Booten Heirs, in the SE SW NW of section 17-8-76 as soon as they finish the above well.

In the northeast corner of section 17-8-76, Pep Drilling Company and Frank King are cleaning out and testing the Tar Springs sand 2225-45 on the George Watson farm, abandoned a few months ago by Ashland Oil and Refining at a total depth of 2953 through the Aux Vases sand.

Walter Duncan has completed his No. 1 Dora Strand, 23-8-76, two miles east of Eldorado, for an initial production of 139 barrels oil per day from the Aux Vases sand 2874-63 after fracturing.

In the same area, G. L. Reasor has set casing at 2610 to test good saturated Cypress sand 2526-55 on his No. 2 E. C. Scott, NW NE SE after drilling to a total depth of 3040 through dry McClosky lime.

One mile northeast, Miami Operating is digging below 1975 on their No. 1 Stanley Edmister et al, SE SE SW, 13-8-76, with Hugh West's rotary tools. Ray Farrar is doing the geology.

The same operators have started an interesting semi-wildcat test in section 26-8-76, one half mile southwest of G. L. Reasor's production, two miles east of Eldorado. They were digging today below 1700 with Balderson's rotary tools of Mt. Carmel.

Calvert Drilling is running the

(Continued on Page Five)

#### Sudden Wave Sweeps Fishermen Into Lake; 3 Drown

CHICAGO (UP)—Sixteen to 20 fishermen were swept into Lake Michigan today by a sudden, freakish change in atmospheric pressure that sent a huge wave sweeping over a pier at the Montrose Avenue Beach.

Police reported at least three persons drowned.

The Coast Guard sent four boats with dragging equipment to the scene.

Police said the weather phenomenon was a seiche, a mounding up of water caused by rapid fluctuation in the wind and air pressure.

Marvin Katz, 22, and Merrill Schiffman, 21, were aboard their 21-foot cruiser about 300 yards off the beach when the seiche hit.

Katz said the water rose sharply in seconds and appeared to rise more than five feet.

They headed the cruiser into the harbor and found it filled with debris. They spotted one man bobbing in the water, threw him a life preserver and took him aboard.

The man identified himself as James Kay. He said he and his family had been fishing when the seiche struck.

#### Predict 28 July 4 Holiday Traffic Deaths in Illinois

CHICAGO (UP)—Fourth of July holiday traffic accidents in Illinois will take the lives of 28 persons and injure more than 1,000, the Chicago Motor Club predicted today.

Authorities said more than 5,600 highway accidents would occur during the long week end.

An estimated 13 deaths will occur in Cook County and six in Chicago, in addition to 210 injuries, it was predicted.

### 5 AFL Leaders Are Convicted Of Extortion

ST. LOUIS, Mo. (UP)—Five AFL construction union leaders faced possible long prison sentences today on their conviction of extorting \$28,000 from an Oklahoma pipeline contractor.

The men were found guilty Friday night by a federal court jury which deliberated six hours to reach its verdict. U. S. District Judge Ruben M. Hulien set sentencing for July 9, and gave their attorneys until July 7 to file any motions or notices of appeal.

Those convicted were Lawrence Callanan, boss of the steamfitters' union and a one-time Democratic political power here; Carl J. (Dutch) Bianchi, outstate representative of the hoisting engineers; L. A. Thompson, Cape Girardeau, Mo., teamsters business agent, and William M. Postor, both of the building laborers.

They face maximum penalties of 20-year prison sentences and \$10,000 fines on each of two counts.

They were charged with interfering with interstate commerce by extorting \$28,000 from O. R. Burden Construction Corp., Tulsa, Okla., while the firm was building a pipeline for Sinclair Pipeline Co. in 1952 and 1953.

Callanan and Secor remain at liberty on \$50,000 bond each. Thompson, Postor and Bianchi are in jail on convictions in a prior labor racketeering case.

#### Plan X-Rays of Truman's Chest

KANSAS CITY, Mo. (UP)—Dr. Wallace Graham made tentative plans today to x-ray former President Harry S. Truman's chest after Mr. Truman complained of a "congestion."

Dr. Graham said Mr. Truman had developed "a little atelectasis" and added "we don't like it." He described atelectasis as "a little plug down low in the lung."

Doctors at Research Hospital where Mr. Truman underwent emergency surgery last Sunday for removal of a gangrenous gall bladder and an infected appendix said "a little atelectasis" means a partial collapse of the lung and is similar to clinical pneumonia.

However, the doctors added that any collapse could be relative and not necessarily serious. Treatment is similar to pneumonia cases in which anti-biotics and possibly oxygen are used.

Meanwhile, the hospital listed Mr. Truman's condition as "satisfactory."

#### Mrs. Curt Martin, Former Resident, Dies

Mrs. Fannie Martin, 61, wife of Curt Martin, former residents of Saline county, died in Chicago Thursday morning.

The funeral and burial will be in Chicago today at 2 p. m.

The former Fannie Conkle, she was a sister-in-law of Mrs. Mac Blackburn of Harrisburg.

### Expect House To Approve High Supports

Administration  
Leaders Gear for  
All-Out Campaign

By United Press  
Administration leaders today geared for an all-out campaign to save President Eisenhower's farm program from a congressional defeat next week.

But bipartisan farm leaders predicted the House will hand the President a rebuff and approve another year of rigid high supports for basic crops.

Vice President Richard M. Nixon, Secretary of Agriculture Ezra T. Benson and Undersecretary True D. Morse planned radio or TV appearances Sunday, Monday and Tuesday to seek consumer and farmer support for the administration's flexible price support plan.

The House Agriculture Committee Friday approved and sent to the House floor a "catch-all" farm bill that would provide another year of mandatory price supports at 90 per cent of parity for wheat, corn, cotton, peanuts and rice.

To Split GOP  
Committee Chairman Clifford R. Hope (R-Kan.) and Rep. Harold D. Cooley (D-N.C.), senior committee Democrat, forecast House approval of the measure.

The issue of continued high rigid supports is almost certain to split House Republicans and give the balance of power to northern Democrats, largely from big cities.

The Senate Agriculture Committee has already approved by an 8 to 7 vote a one-year extension of rigid supports. But Chairman George D. Aiken (R-Vt.) has predicted the vote will be overturned on the Senate floor.

Other congressional news:  
Appropriations: The Senate has approved and sent to the White House the 28 billion dollar defense money bill, the fifth of 11 regular appropriation bills to complete the journey through Congress this year.

The Senate Friday also passed and sent to House-Senate conference committees money bills for the Department of Health, Education and Welfare and the District of Columbia government. These actions left Congress far ahead of its normal schedule on regular appropriations measures.

### Streamliner Jumps Track; 75 Passengers Hurt

HALLAM, Neb. (UP)—The Rock Island railroad's Rocky Mountain Rocket was derailed near here late Friday night, injuring about 75 persons, but only eight were listed in serious condition today.

Eleven of the Rocket's passenger cars spilled over a 25-foot embankment when the train jumped the track while going 65 miles an hour.

No one was reported killed and most injuries were slight. About 10 persons were taken to hospitals at Lincoln, the state capital 25 miles to the north, in serious condition.

The silver streamliner, rolling east to Chicago from Denver, lurched off the track 1 1/2 miles north of here.

One car plowed so deeply into the ground it was buried to the windows and another was perched end up on another overturned car.

Injured passengers were taken to hospitals in Lincoln, Beatrice and Crete, Neb. Others of the estimated 250 passengers rode by bus to Lincoln where they claimed baggage and boarded another bus for Omaha to catch a train.

Sheriff Merle Karnopp said there was evidence that "something was wrong" on one of the cars.

He said there was "something dragging" and said one observer at Hallam noticed "something on fire" as the train passed through.

#### Lebern Horrell Funeral Sunday

The funeral of John Lebern Horrell, one time Saline county deputy sheriff and former resident of Harrisburg who died yesterday in the Welborn Memorial hospital in Evansville, Ind., will be Sunday at 4 p. m. at the Gaskins funeral home.

Rev. J. M. Baldwin will officiate, and burial will be in Sunset Hill cemetery.

#### Nunley Rites at Eldorado Monday

The body of William L. Nunley, Eldorado, who died suddenly Thursday in Wichita, Kan., will arrive in McLeansboro today and be received by the Martin funeral home in Eldorado.

A military funeral will be held Monday at 2 p. m.

### U. S. Pressures Guatemala To Permit Investigation of Rebellion by Latin Nations

UNITED NATIONS, N. Y. (UP)—The United States put Guatemala under strong pressure today to permit her sister Latin American nations to investigate the anti-Communist rebellion.

U. S. Ambassador Henry Cabot Lodge Jr. invoked the Monroe Doctrine Friday night when he told the U. N. Security Council the trouble in Guatemala was purely a Western Hemisphere affair.

Lodge warned that action by the United Nations could destroy the 60-nation world organization and the 21-nation Organization of American States.

The Security Council then refused to consider intervention in Guatemala.

By a 5-4 vote, with Britain and France abstaining, the Council turned down an agenda containing Guatemala's demand for U. N. action against neighboring Honduras and Nicaragua for "aiding" the anti-Red insurgents.

This refusal, in effect, killed the possibility of any U. N. action in Guatemala now.

The United States, Brazil, Colombia, Nationalist China and Turkey voted against adopting the agenda. Russia, Lebanon, Denmark and New Zealand voted for it.

Commission Voted  
Denmark and New Zealand believed the Guatemalan affair should be put on the U. N. agenda and action on it postponed until an investigation commission of the OAS could report on conditions in the Central American war.

Such a commission was voted Thursday night by the Inter-American Peace Committee, a five-nation branch of the OAS, but Guatemala steadfastly has refused to recognize the jurisdiction of the group or of its parent body.

Lodge told the council the issue involved the entire question of the relationship between the world organization and regional organizations, which was the subject of one of the hottest debates during the drafting of the U. N. Charter at San Francisco in 1945.

Under American leadership, Lodge said, a formula was devised under which U. N. members belonging to regional organizations should "make every effort to the specific settlement of local disputes through regional arrangements."

WASHINGTON (UP)—Guatemala has flatly rejected an Inter-American Peace Commission request for an on-the-spot investigation of the Central American Republic's charge of outside aggression in the current revolt.

The pro-Communist government of Guatemala charged that anti-Red rebel forces in the week-old "phantom war" were operated from bases in neighboring Honduras and Nicaragua.

Both countries have formally denied the accusation, labelling it false and ridiculous. Both urged the commission to investigate the charge and offered full cooperation.

Girl Agrees to  
Final Kiss, Receives  
10 Stab Wounds

LAWRENCE, Mass. (UP)—A 17-year-old girl, who agreed to give her rejected suitor a "final kiss and embrace," was hospitalized in critical condition today with 10 stab wounds in her back. He was held for assault with intent to kill.

Police said Miss Constance DeMarco has identified Joseph Perzichino, 24, of Methuen as the man who wooed her and then attacked her Friday with a five-inch knife when she rejected him.

"I agreed to give him a parting kiss and embrace," police quoted Miss DeMarco. "I saw him pull a knife out of his pocket. I screamed. I pleaded 'Don't do it, Joe.' He held me while he kept stabbing me," she added from her emergency ward bed.

Perzichino was seized when he entered the hospital for treatment for cuts about his hands.

Doctors said Miss DeMarco suffered a punctured right lung and wounds on the back, shoulders and arms.

Illinois Grand  
Master to Visit  
Home Town Lodge

Carroll T. Hughes  
Carroll T. Hughes of Jacksonville, Most Worshipful Grand Master of Masons of Illinois, will pay an official visit to his home town lodge No. 581 at Dongola Thursday, July 8. Other Grand lodge officers will also be present.

Work in the M. M. degree will be conferred on a candidate beginning at 4 p. m. and a banquet in honor of the Grand Master will be served at 6:30. Following the banquet the official reception of the Grand Master and other Grand lodge officers will begin at 8 p. m.

Mr. Hughes was born and reared on a farm near Dongola, but has lived in Jacksonville for several years. His parents, Mr. and Mrs. J. Frank Hughes, still reside on the farm home east of Dongola.

His father is a member of the Dongola lodge and will be present at the Masonic gathering honoring his son.

Robinson Youth is  
Elected Governor of  
Illinois Boys' State

SPRINGFIELD (UP)—A 16-year-old Robinson youth, James E. Gardner, today was the new Governor of Illinois Boys' State.

Gardner, who headed the Federalist ticket, was installed as the chief executive of the mock Boys' State government by Lt. Gov. John W. Chapman, now acting governor of Illinois, at ceremonies Friday night.

Gardner defeated Nationalist candidate Gant "Sam" Redmon, Collinsville, 622 to 577, at Friday's state elections.

### Put Top Aides To Work on Asia Problem

President, Prime  
Minister to Lunch  
With Congress Leaders

WASHINGTON (UP)—President Eisenhower and Prime Minister Sir Winston Churchill tackled the Indochinese crisis today and the vexed issue of how to keep the Communists from seizing all south-east Asia.

The two statesmen put their top aides to work on the tangled south-east Asia problem and earmarked much of their own time today and Sunday for personal talks. They hope to be able to issue a joint communique Sunday night proclaiming Anglo-American harmony.

The talks started Friday and end Sunday.

Secretary of State John Foster Dulles and Foreign Minister Anthony Eden met today. Winthrop Aldrich, U. S. Ambassador to Great Britain, and British Ambassador to the U. S. Sir Roger Makin joined them.

Leaders Give Lunch

Mr. Eisenhower and the 79-year-old Prime Minister scheduled a lunch meeting with 28 congressional leaders, and an afternoon business session with all four of the top conferees participating.

The guest list for the White House lunch, in addition to the visitors, Dulles, and the congressmen, included several high officials of the administration.

Among them were Chief Justice Earl Warren, Atty. Gen. Herbert Brownell Jr., Agriculture Secretary Ezra T. Benson, Secretary of Commerce Sinclair Weeks, Secretary of Labor James P. Mitchell, Defense Mobilizer Arthur S. Flemming, and Budget Director Rowland L. Hughes.

Experts Talk Atomics

Meanwhile, two British experts on atomic affairs, Lord Cherwell and Sir Edwin Plowden, were lunch guests of Chairman Lewis L. Strauss of the U. S. Atomic Energy Commission at AEC headquarters.

Mr. Eisenhower and Churchill and Eden and Dulles in Friday's talks discussed the mechanics of a greater exchange of atomic energy information between the two countries.

Friday, for the most part, was devoted to a general exploration of the problems between this country and Great Britain. Today, Mr. Eisenhower and his old friend, Sir Winston, got down to specific issues.

Their talks in the President's secluded second floor study continued Friday after a "general discussion" of pepping up the European Defense Community and the development of a smoother American passage of atomic know-how to the British.

May Issue Statement  
Spokesmen for the President and the prime minister drummed on the idea that by Sunday night they will be in position to issue a communique of joint friendship, despite the fact that Anthony Eden, British foreign secretary, has indicated he differs somewhat with the policies of Secretary of State John Foster Dulles.

Eden wants a declaration of Western Pacific unity against aggression. Dulles, still blistered from the results of the Far Eastern peace talks in Geneva, wants Great Britain to join in an immediate bulwark against Communist expansion in the Far East.

Dulles and Eden held separate conferences at the State Department before joining the President and the Prime Minister for a White House lunch with 28 Republican and Democratic members of the House and Senate.

Receives Suspended  
Sentence for Spanking  
Girl Friend for Flirting

DES MOINES (UP)—Charles Layfield, Des Moines, was given a 10-day suspended jail sentence Friday after his girl friend testified he spanked her for flirting.

The girl, Catherine O'Banion, offered to show Municipal Judge Don L. Tidrick that she was "still black and blue."

"I'll take your word for it," replied Tidrick.

### The Weather

ILLINOIS: Partly cloudy and cooler north; mostly cloudy with scattered thundershowers south tonight. Sunday mostly fair, cooler and less humid north and central. Low tonight 68-75. High Sunday mid-90's extreme south.

A loving father is dominated by  
love. He wants to help all his chil-  
dren, and he wants that they  
should have no bitter regrets and  
failures.

DEWEY'S DECISION NOT TO  
RUN MAY HOLD KEY TO  
'56 ELECTION

Editorial — BY BRUCE BLOSSAT  
Four years ago Governor Dewey  
of New York declared pretty firm-  
ly that he would not seek a third  
term, but he changed his mind.  
Now, according to close friends,  
he is saying that only a shooting  
war by September could induce  
him to run for a fourth term.

In view of his 1950 switch, it is  
natural that there are some who  
view this disclosure with skepti-  
cism. But the governor's langu-  
age, as conveyed by his friends, is  
very strong.

He is said to have used the word  
"irrevocable" to describe his deci-  
sion, and to have indicated he  
would not even accept a high post  
in President Eisenhower's admin-  
istration. He is reported to want  
private life.

Certainly until Dewey gives posi-  
tive sign of another change of  
mind, politicians will feel free to  
speculate about New York in the  
assumption the governor really  
means it this time.

One thing seems utterly clear  
from the GOP standpoint. If it  
is not to be Dewey, then it must  
be some other strong "name" candi-  
date.

For the Democrats are evident-  
ly leaning toward a choice of Rep.  
Franklin D. Roosevelt, Jr. And no  
sane politician would pretend that  
such a name candidate could be  
licked by a relative unknown.

The most likely Republican pros-  
pect at this moment is Sen. Irving  
Lives, now serving his second suc-  
cessive term. In 1952 he  
proved himself a powerful vote-  
getter in New York state, rolling  
up a winning margin bigger than  
Mr. Eisenhower's. Lives is under-  
stood to prefer staying where he  
is, but to be amenable to party  
pressures if they are strong  
enough.

Barring the surprise entry of  
some other well-known figure, the  
pressures surely would be heavy.  
New York state is still the great  
election prize.

Whoever holds its governorship  
is automatically a key factor in  
his party's presidential delibera-  
tions. Whichever party occupies  
the State House possesses undeni-  
ably great strength when the final  
presidential test is had at the  
polls.

If anyone wishes proof, especial-  
ly of New York's influence in  
nominating a presidential choice,  
he need but recall the fact that,  
under Dewey's stern leadership,  
the 1952 New York delegation to  
the GOP convention cast 92 of the  
595 votes won by Mr. Eisenhower  
on the initial ballot.

If Governor Dewey's decision is  
indeed irrevocable, the tremors  
it will produce on the political seis-  
mographs of both parties will be  
felt in every corner of the land.  
Though none of us could possibly  
guess in what specific way, it  
might well determine the outcome  
of the 1956 presidential election.

HAIL, HARRY!

Former President Truman's  
worst political enemies have never  
accused him of lacking courage.  
In the arena he knows so well, he  
demonstrated it again and again.

Now, suddenly, he has had to  
show courage in a different sphere,  
and he once more has not been  
found wanting. The former Chief  
Executive underwent an emergen-  
cy operation not long ago, and he  
seems to have met the test of his  
stamina very well.

With characteristic fortitude, Mr.  
Truman declined to ride to the  
hospital in an ambulance, but went  
in under his own power.  
The whole country hopes he  
comes out the same way, with full  
health and vigor.

Constantine was about to fight  
Maxentius, a rival for power in the  
Western Empire, when he had his  
vision of the cross.

## SIDE GLANCES

By Galbraith

"I've got that pig bank full, but what fun is that? I'm just like my dad—all my money tied up"

Van Johnson and Dewey Martin watch sky-action in a scene from MGM's "Men of the Fighting Lady," print by Technicolor, to show at the Grand Sunday, Monday and Tuesday.

## Mowing Machine Adjustments Should Be Checked

CARBONDALE, Ill.—Farmers should check three kinds of adjustments on their mowing machines—horse-drawn or tractor mounted—if they are to do a good job of cutting hay, says Fred Roth, agriculture engineer at Southern Illinois University.

A mowing machine that clogs, pulls hard, and does not cut cleanly not only results in a ragged-looking field, but wastes feed and power.

Roth recommends:

1. Check the shearing action—most important for efficient operation. The mower cutter bar acts as a scissor, the knives and the guard plates serving as the cutting edges. Knives must be sharp and the knife bar straight. If the guard plates are badly worn they may be replaced at small cost. Holding knives and plates close together may mean bending knife clips down and aligning the guards by bending them up or down. Worn wearing plates under the clips need replacing and adjusting to hold the knife bar forward.

2. Checking the register (or timing) is important. Knives should stop in the middle of the guards at both ends of the knife stroke. The wrong length pitman or a slight misadjustment may cause the knives to be out of register and result in poor shearing action and clogging.

3. Another check point is the lead. The outer end of the cutter bar should set far enough ahead of the inner end to compensate for the pull-back on the bar when the machine is operating. The adjustment is important to keep pitman and knife properly aligned and prevent broken knife heads and hard pulling.

## Kimmel Advises Spraying to Kill Bag Worms on Shrubs

L. B. Kimmel, Saline county farm adviser, reports that he has had many inquiries as to how to control and destroy the Bag Worm which is seriously damaging valuable shrubs and evergreens in this area.

He advises that spraying with Lindane or BHC will kill these worms, also many other insects that continually cause problems in the growth of shrubbery.

The shrubbery and evergreens should be sprayed every other day for several days until the worms have been destroyed. The spray normally lasts 10 days.

The Daily Register, 25c a week

## SIU Country Column

By Albert Meyer

The grain harvest season is arriving and with it comes consideration of good storage facilities on the farm. Wooden grain bins need a thorough cleaning before using them for new crop grains. The walls and floors should be treated with a residual spray which will kill all or most of the insects that emerge from burrows and cracks in the woodwork and cause damage to the stored grain.

Steel bins that are easy to clean are best for farm storage of small grains or shelled corn. They may be made tight by calking.

In a large bin of stored grain watch out for high moisture spots. These constitute a danger from overheating even though the moisture content average for the total bin is relatively low.

In using native wood for farm construction it is a good idea to have the lumber partly dried before using. A heavier type hammer is handy and makes construction work easier with such native lumber. Use blunt nails.

A good farm safety habit is to always lock together the tractor brakes when traveling in road gear. Of course, brakes should be evenly adjusted.

Ample rain is a boon to the dairyman's pasture program. However, it is not enough to keep careful watch on the pastures. When grasses become mature and dry the ration of the dairy cows needs to be supplemented with more protein to offset the declining protein content of the grasses.

Remember that in the heat of summer eggs need more care if quality standards are to be maintained. Gather the eggs more frequently and keep the market eggs in a cool, well-ventilated room that is free from undesirable odors.

Summer weather is too hot for hens to be bothered with such parasites as mites and lice. Try dipping the birds in a solution of one ounce of sodium fluoride to each gallon of warm water. Repeat the dipping in 10 days to kill newly hatched parasites.

A post-emergence treatment of 2,4-D for controlling weeds in corn may be made rather safely from the time the corn leaves unfold until the ear shoots appear. The per-acre application should not be more than one-fourth pound of the ester or one-half pound acid of the amine type.

## Calibrate Row-Crop Sprayer For Each Field

You'll need to calibrate your row-crop sprayer for each field. Wendell Bowers, extension agricultural engineer at the University of Illinois College of Agriculture, says that ground conditions may vary enough from field to field to cause the speed of the tractor to vary even though you leave the throttle setting the same.

When you apply weed killers, Bowers points out, it's very important that you apply them at the correct rate to prevent serious damage to your crops.

To calibrate your equipment, Bowers suggests that you first make test runs with clean water and with the sprayer set at the manufacturer's recommended pressure. Make one complete round in the field you intend to spray, and then measure the water used to the nearest half-gallon by refilling the tank.

Bowers says four miles an hour is a good speed to use. Remember the gear you use, and mark the throttle setting.

To calculate how much acreage you sprayed in one round, multiply the width of the sprayer by the distance you traveled in feet, and divide by 43,560. Divide the amount of water needed to refill the tank by the acreage sprayed to get the rate of application in gallons per acre.

If you find that the rate of application is more than you need, advance the throttle one notch and make another test round. If you are not putting enough spray material on the ground, slow down a little.

Leonardo da Vinci conceived the idea of the airplane nearly 500 years ago, getting his inspiration from watching the birds.

In spite of all your precautions, Andrew says, you can't keep all leaves and insects, or even a mouse once in a while, from getting in and causing musty odors. Then you can use a chemical treatment of lime or bleach. This treatment is especially useful in dry weather when a low supply of water might make you hesitate to drain it away to clean the cistern.

For more information on a clean water supply, you can write to the Illinois Department of Public Health, Springfield, and ask for a copy of Circular 14A, "A Safe Water Supply."

## SWINGING FLOODGATE

Here's a floodgate raging waters can't rip out. In the event of high water, the gate swings on supporting hinges permitting the rising stream to flow under. The main support posts are ordinary corrugated road culverts, set in concrete at the base and filled to the top with concrete, states Capper's Farmer. A discarded steel shaft or cable can act as a span between posts, supporting the swinging gate. Heavy U-irons straddle the shaft and are bolted to the gate at each end. Cross members are 2 by 10 planks, and uprights bolted to these are 2 by 6's.

Forty per cent of the 500,000 acres of Great Smoky Mountains National Park is in its original forested condition.

HEART THROB—Billy Rowe, 3, couldn't resist kissing this cute calf when he saw the heart-shaped mark on its head. Billy discovered the lovable animal during a tour of Miami, Fla., dairies, now celebrating dairy month.

## Heavier Potash Applications Recommended

Soil scientists at the University of Illinois have upped their potash recommendations for soils that show potassium deficiency. The result will be more available potassium in the soil to provide for maximum crop yields.

These new recommendations follow the demands of higher yield levels. At the same time they are expected to increase reserve potassium.

The Illinois test for available potassium was first developed by R. H. Bray of the University of Illinois more than 20 years ago. S. W. Melsted, also of the University, and Bray together have revised the test recommendations.

To point out the difference in the potash recommendations, C. M. Linsley, soils extension specialist of the University of Illinois, gives the following example of a soil testing low in available potassium: At old rates, 270 pounds of 60 percent muriate of potash was recommended for a four-year rotation. The revised recommendations, however, call for 400 pounds of the same fertilizer, an increase of 130 pounds per acre.

And for soils showing a slight amount of available potassium, the new recommendations call for 300 pounds of muriate of potash over the four-year period. This is an increase of 180 pounds over the original recommendations.

These changes do not mean that the old recommendations were wrong, Linsley says. Those amounts

were sufficient for the level of production on most farms and were considerably larger than many farmers have been willing or able to use.

But they were not sufficient for the higher yield levels expected now, and they were not enough to build up an adequate supply of available potash in the soil.

The revised recommendations will be used by 80 county soil-testing laboratories and by commercial soil-testing laboratories that are cooperating with the University of Illinois soil testing laboratory.

## Annual Massac Fair June 28-July 5

The annual Massac county fair will be held at Metropolis June 28-July 5. Rep. Paul Powell is secretary of the association.

The program will include Pee Wee King and his western variety band; Jack Kochman's Hell Divers; harness races with western pony and mule races, and a society horse show.

Farmers' Day will be Friday, July 2 with Border Collie sheep dog events; Children's Day will be held Saturday, July 3, and on Sunday, July 4. Gov. William Stratton and State Auditor Orville Hodge will be guests.

Entertainment for July 4 will include a wild animal show with ostrich and camel racing and July 5 will be given over to stock car racing.

Jack Lamothe will furnish organ music and among other entertainers will be Bud Jones, blind trick rider. The Metropolis grade school band will present concerts.

This feature has been added because of demand by our rural AAA members. Those who have not had this rider attached to their present membership, call at the office.

Jobless Claims Show Decrease

WASHINGTON (AP)—Unemployment insurance claims dropped earlier this month to the lowest weekly levels so far this year except during holiday weeks, according to the Labor Department.

New unemployment insurance claims dropped by 9,500 during the week ended June 17 to 268,000, the lowest level this year except for the week of June 5, when many claims were held up until the following week because of the holiday.

Regular unemployment insurance claims dropped by 52,200 during the week ended June 12 to 1,984,700, lowest level except for two holiday weeks this year.

Keep meringue pie from breaking by slicing it with a knife dipped in cold water.

There will be a homecoming Sunday, June 27, at the First Baptist church. Special singers and a guest speaker will be present. Bring a well filled basket for the dinner at noon. Everybody is invited.

The Vacation Bible school at the First Baptist church had an increased enrollment of 66 at the close. The exercises were held Wednesday evening. Following the interesting program everyone went to the church basement to see the display of handwork that the children had done during school.

Mrs. Opal Tarlton is visiting her daughter, Mrs. Cleo Thaxton. Carol Glascock, Michigan, is a guest at the home of Mr. and Mrs. Bernard Bishop.

Jerry Johnson spent two weeks with Danny Ecklund.

Mrs. Essie Musgraves was called to Eldorado for a few days. Her cousin, Mrs. Mabel Essary, was released from the hospital.

Misses Teoria and Zella Greenfield called at the home of Mrs. Mabel Serence Saturday afternoon.

Recent callers at the home of Opal and Darlene Goodson were Mrs. Lela Bell Lamb and children, Lela Ann and Billy Joe, Harrisburg, and Mrs. Hester Kittinger.

Mr. and Mrs. G. G. Mugge to Observe Their 60th Anniversary Quietly Sunday

Mr. and Mrs. G. G. Mugge, 216 West Poplar street, who were married 60 years ago June 28, will quietly observe their wedding anniversary Sunday, when their children and some of their grandchildren will be here to spend the day with them.

They are the parents of G. H. Mugge, Harrisburg, Mrs. J. T. Swartz, Urbana, and Mrs. E. L. (Dick) Sherertz, Springfield. They and Mr. Swartz, Mr. Sherertz, Miss Rachel Sherertz, Mr. Sherertz, Miss Martin and her daughter, Janet, Springfield, and Mrs. Jack Kinder, Alton, will be present. The last four are grandchildren and great-grandchildren. There are six of the grandchildren, and ten great-grandchildren.

Mrs. Mugge is the former Hortense Hudson, daughter of the late Dr. and Mrs. N. S. Hudson of Harrisburg. Mr. Mugge is a son of the late Mr. and Mrs. George Mugge. He was born at Shawnee town, but has lived most of his life in Saline county.

She is a charter member of the Harrisburg Woman's club and of Chapter "Z" P. E. O. of which she is past president. Both are members of the Presbyterian church, where for many years he taught a Sunday school class.

They were married at the old Green B. Raum home, remodelled and the present home of Mr. and Mrs. C. A. Mitchell, at 200 East Walnut street. The wedding ceremony was performed by the late William H. Blackman, a pioneer Baptist minister of this county. Mrs. Homer Collier is the only person living who attended their wedding ceremony.

They were married in 1894 and since that was the year of the World's Fair in Chicago, they went with two other couples from Harrisburg, the Judge and Mrs. A. G. Abney and Mr. and Mrs. J. M. Potter, to Chicago, on a post nuptial honeymoon trip.

Mr. Mugge, who was reared on a farm, engaged in the produce and mercantile business early in life and for 40 years operated the largest department store in Harrisburg. This store was destroyed by fire in 1923 and occupied a section of the block in which the present Hart Department store is located.

His store employed 11 clerks and was one of the first to be equipped with cash registers and an electric system of change making from a central station was inaugurated.

**Candlelight Home Bureau Meets With Mr. John Foster; New Officers Are Elected**

The Candlelight Home Bureau unit met Wednesday night at the home of Mrs. John Foster on South Granger street. Present were 19 members and one visitor, a former member of the unit, Mrs. George Lasseter.

A demonstration lesson "Yeast Bread Variations" was presented by Mrs. Earl Clark who made bread roll variations and Mrs. Eugene McCormick who made sweet rolls and coffee cakes. The lesson was one of the most enjoyable of the year and inspired the unit members to try their hand at a culinary art that was considered routine by our mothers and grandmothers, but has become almost a forgotten achievement by this generation.

The business meeting was conducted by Mrs. Bill Keen, unit chairman, with a slate of officers for the coming year being read and approved by acclamation by the members. The new officers will be: Chairman, Mrs. Fred Wilmoth; vice chairman, Mrs. John Slighton; program chairman, Mrs. Olen Ingram; secretary, Mrs. John Wagner; and treasurer, Mrs. Max McDowell.

Mrs. Morris Holbrook was in charge of entertainment following which Mrs. Glenn McCormack, Mrs. Bill Gall and Mrs. Eugene McCormick assisted Mrs. Foster in serving the delicious rolls which were baked following the lesson, with preserves, butter and coffee to Mrs. Fred Wiley, Mrs. Harold Hansen, Mrs. Harold Empson, Mrs. Ed Bean, Mrs. James McGowan, Mrs. Morris Holbrook, Mrs. Fred Wilmoth, Mrs. Olen Ingram, Mrs. Max McDowell, Mrs. S. V. Quesselle, Mrs. Richard Carpenter, Mrs. Lonnie Lanekin, Mrs. John Slighton, Mrs. Bill Keen, Mrs. Earl Clark and Mrs. George Lasseter.

**Reception Tuesday at The Rev. and Mrs. Glenn E. Whitlock**

A reception will be held for the Rev. and Mrs. Glenn E. Whitlock at the First Presbyterian church next Tuesday, June 29, from 4 to 6 p. m. All wishing to see Mr. and Mrs. Whitlock are invited to attend.

Rev. Whitlock, a former pastor and interim pastor of the First Presbyterian church of Harrisburg from 1944 to 1946 and now associate pastor of the University of California is returning to his home in California after attending a men's meeting held at Centre college, in Kentucky.

After the reception a potluck dinner will be held at the G. C. Benson summer cabin near Rude ment for all wishing to attend.

He retired from the retail merchandising business to engage in the produce business and that and farming occupied him until his retirement.

He is a charter member of the Harrisburg Rotary club, and is a 50 year member of the Harrisburg Lodge of A. F. & A. M. and of the Saline chapter of Royal Arch Masons.

He served on the City school board for 40 years, and together with T. J. Patterson and John Thad Gaskins contested efforts to locate the Harrisburg Township high school buildings in Gaskins City, where the late ohn "Chick" Gaskins offered the land for the building free. Mr. Mugge, Mr. Patterson and Mr. Gaskins influenced the location of the high school on its present site by donating land for the building, with all coal rights under it reserved.

Their children and grandchildren subsequently attended and graduated from the HTHS, where he was especially honored in a historical pageant, given last October, on the 50th anniversary of the school.

A virus infection which caused him to spend a few days in bed last week, caused plans for a 60th anniversary reception to be cancelled, and a more quiet family party to be planned. He is convalescent, but has been advised to avoid crowds, and they will be thinking tomorrow of the 400 or more people, who were with them on their Golden Wedding anniversary, ten years ago.

field; James Bros. vs. Palace,  
town park

**5 p. m.**  
Pickford's vs. Lions, Taylor  
field; Kames vs. Pankey's, town  
park

## Chicago Bears File Suit Against Canadian Team

MIAMI (UP) — The Chicago  
Bears professional football team  
filed a \$150,000 damage suit  
against the Hamilton Tiger-Cats of  
the Canadian League here Friday  
resulting from the loss of player  
Frank Dempsey.

A \$25,000 suit charging Dempsey  
with breach of contract was also  
filed in Federal court by attorneys  
for the Chicago team.

Dempsey, currently a sports  
broadcaster for a Miami television  
station, announced recently that  
he had signed to play with the Ham-  
ilton team. He was a member of  
the Bears squad for three years  
and before that played for the Uni-  
versity of Florida.

"I didn't know I was worth that  
much money to the Bears," Dempsey  
said when told of the suit.

"I signed a contract with the  
Canadian team because the future  
looks better there," Dempsey said.  
"They get the boys a job during  
the season and you practice at  
night. That way I'll be able to  
save most of the money I make  
playing football."

Dempsey said he had not signed  
a contract with the Bears for 1954.  
He said he planned to leave for  
Canada next week.

Labrador was named for the  
pilot who guided John Cabot's ship  
to the Labrador coast in 1498.

**HAPPY TALK**—When Leo Durocher calls a Giants' squad meeting these league-leading days, it's a  
happy one. The manager goes through the motions in the Polo Grounds dressing room as son Chris, 8, top  
row center, listens in, too.

Out Our Way

By Williams

HEROES ARE MADE—NOT BORN

**SIT-DOWN STRIKE** — David  
Haynes had that letdown feeling  
when Bonnie Chance went on a  
sit-down strike amid the fallen tim-  
bers of a hurdle at the Greater  
Atlanta, Ga., Shrine Horse Show.  
(NEA)

## 16 Drilling Operations In Saline County

(Continued from Page One)

electric log picture on its No. B-2  
Ben Davis, NW NE NE, 2-8-5e  
at a total depth of 2562 in the  
Cypress sand, located four miles  
northwest of Eldorado. A two  
hour drill stem test 2550-62 on  
the Cypress sand got 1345 feet of  
gas, 45 feet of clean oil, 20 feet  
of mud mixed oil, 30 feet of oil  
mixed mud with a bottom hole  
pressure of 758 pounds per square  
inch. They may drill deeper to  
the Aux Vases.

Calvert Drilling has applied for  
a permit to drill an interesting  
wildcat test five miles west of El-  
dorado and more than five miles  
from other production. It's the  
No. 1 J. Bona, SE SE NW, 23-  
8-5e, to be started in a few days.

Carter Oil has staked a loca-  
tion to drill the No. 3 Paul Tur-  
ner, in 8-8-7e, just north of El-  
dorado.

## Nash to Play At New Haven

The Nash baseball team will  
travel to New Haven Sunday for a  
return game with the White county  
club. Nash defeated New Haven  
earlier this season.

Roark or Parker will start on  
the hill for Nash with Wilson do-  
ing the receiving. Lefty Clark will  
do the pitching for New Haven.

All players making the trip are  
asked to meet at the town park  
at 12:30 p. m.

Submarines did an estimated 75  
per cent of all damage inflicted on  
ships during wartime.

The Daily Register, Harrisburg, Illinois

Saturday, June 26, 1954

## Yankees Crush Indians, 11-0; Dodgers Beat Cardinals, 3-1; Giants Win

By FRED DOWN

United Press Sport Writer  
The New York Yankees thrust  
themselves back into the thick of  
the American league pennant fight  
today with the simple formula of  
treating the Cleveland Indians' "big  
three of the mound" like bat-  
ting practice pitchers.

Responding to the challenge of  
a big series once again, the old  
champs crushed the Indians, 11-0,  
Friday night and sliced Cleveland's  
first-place lead to a mere three  
games.

Allie Reynolds scattered nine  
hits to score his fourth shutout of  
the season and his ninth consecu-  
tive triumph since an opening day  
loss to the Washington Senators  
but it was the Yankees' knack of  
battering Cleveland's mound aces  
—Mike Garcia, Bob Lemon and  
Wynn—that paved the way for the  
easy victory.

## Garcia Routed in Third

Garcia, who had won seven  
straight since the Yankees downed  
him on May 12, was the victim  
this time, being routed as the world  
champions poured seven runs  
across the plate in the third inn-  
ing. It was all downhill after that  
as Reynolds struck out eight bat-  
ters and walked only two.

First baseman Joe Collins led  
the Yankees' 14-hit assault with  
two singles and a home run, driv-  
ing in four runs, while Gene Wood-  
ling also drove in three tallies. The  
victory was the Yankees' third  
straight over the Indians and gave  
them a 3-1 edge in the season's  
series.

Willie Mays blasted his sixth  
home in five games and his 24th  
of the season to lead the New  
York Giants to a 6-2 victory over  
the Chicago Cubs while the Brook-  
lyn Dodgers remained one game  
behind in the National league race  
with a 3-1 triumph over the St.

## Game Cancelled, Merchants to Play Kiwanis L. Shells

The Uniontown, Ky., Cardinals  
have broken their contract with  
the Harrisburg Merchants, forcing  
cancellation of Sunday afternoon's  
contest, the Merchants' manager  
announced today. The Cardinal  
business agent notified the Mer-  
chants that they refuse to play be-  
cause the town park diamond is  
not enclosed.

In order to give the fans a game  
the Merchants will play the lead-  
ing team of the Kiwanis league,  
the Shell nine. Reports have it  
the young team can give a good  
account of itself against the older  
boys.

The Merchants, who have a 7-6  
record, now will use their regular  
lineup with Gene Trammel hurling  
and Dick Romonosky catching.

All players are asked to be  
ready to start the contest by 1:30  
p. m.

## Palace, Ronnie's AAA, Athletic House Win Tilts

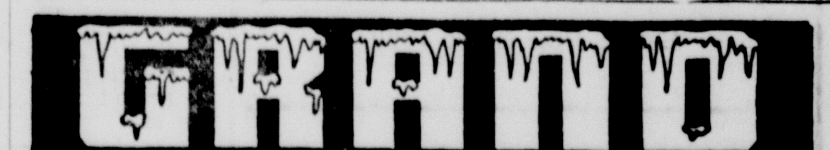

A full schedule of four games  
were played in the Kiwanis  
Friday with Palace Clothing House,  
Ronnie's Studio, AAA and the Ath-  
letic House carrying off the victor-  
ies.

Palace defeated a combination  
team representing James Bros. and  
Sahara Coals by a count of 20-9,  
with Selen the winning hurler and  
Bradbury the loser. Feazel and  
Vinson led the hitting for the win-  
ners with four for four.

Ronnie's belted out a 12-7 win  
over the Pickford Flowers. Don-  
ald Biggs was on the hill for the  
victors, being opposed by Donnie  
Pickford. Clark, Logan and Strick-  
lin each had two hits for the win-  
ners and Pavelonis had a couple  
of blows for the losers.

Wilson pitched the AAA team to  
a 25-14 victory over James Bros.  
and Profit carried the big bat for  
the winners, getting three hits in  
four tries. Wilson is undefeated  
for the season. Goins was the los-  
ing pitcher.

Molinarolo was on the mound for  
the Athletic House and pitched a  
two-hitter in defeating Excel, 6-2.  
Beal, losing hurler, was touched  
for only 5 safe blows.

Sunday school 9:30 a. m.; Robert Butterworth, superintendent.  
Preaching service each Sunday morning, also each Sunday 7:30 p. m., except on the fifth week end.  
Prayer meeting Wednesday 7:30 p. m.

## Alone in a Sea of Sand

The vastness of the beach holds no terrors for her. She knows that some one is watching, ready to protect her at the first sign of danger.

Do you ever feel alone? Does the vastness of the universe and the smallness of yourself threaten to overcome you?

In the Church you will find you are not alone. Here you will find others who share similar experiences, and working together, you will discover that fear need have no part in your life.

Make yourself a part of this great family. Look around you in God's world and realize that He is ever present, always ready to give strength and comfort. Through the Church you will learn to draw ever closer to God and His strength will protect you.

### THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

	Book	Chapter	Verses
Sunday	Psalms	139	1-12
Monday	Psalms	139	13-24
Tuesday	Jeremiah	18	1-12
Wednesday	Daniel	6	16-27
Thursday	Luke	6	39-49
Friday	Luke	23	32-43
Saturday	Acts	4	1-12

By Dr. Archie E. Brown

Pastor, First Baptist Church  
Vandalia, Ill.

### Judgement Comes To Israel

II Kings 17:5-14, 18  
GOLDEN TEXT: "The ways of the Lord are right, and the just shall walk in them; but the transgressors shall fall therein." (Hosea 14:9)

INTRODUCTION: History proves the truth found in our lesson today. For every nation that chooses to disobey God there comes a day of judgment. We have seen it happen in the day in which we live. Many who live today may see God's judgment fall upon Russia before they die. No nation can defy God and escape His judgment. It is only due to the mercy of Christian God that He has not let His wrath fall upon us. Thank God for faithful Christians in our country!

JUDGMENT IS CERTAIN (V. 5-6)

The prophets of old had warned Israel over and over of their coming doom unless they turned from their wicked ways. Perhaps a few people listened, but the nation as a whole turned a deaf ear to those preachers, God's men, and went on their way in sin.

From pulpit and science laboratory today, America is being warned of impending doom. Never in the history of our nation have scientists turned to men of God and pled with them as they are doing today. What is their plea? Here it is: Do all you can to turn our nation back to the Bible; back to a sense of moral and religious principles. The scientists of today know better than anyone else on earth the possible doom awaiting us.

The preachers today are sounding the warning note from pulpits throughout the nation. Will our people listen and heed the warning, or, will they, like Israel of old, go on their way sinning against God?

JUDGMENT IS JUST (V. 7-14)  
Israel deserved what came to them. These verses tell us how God had blessed them by bringing them out of bondage into the Promised Land. God continued to bless them daily. In return the people sinned against Him. Their sins are listed in these verses.

God could have abandoned them and left them in their sin. Instead, He sent preachers and prophets to warn them and to plead with them to turn from their wicked ways. The people refused to listen.

We are shocked at the behavior of the people of Israel. But wait; what of the people of America in this year of 1964? Has any nation ever been blessed more? We are in the vast majority as far as races go. We are outnumbered by the red people, the yellow people and the black people of the world. We inhabit one of the smallest portions of a continent in the world. Yet, God has blessed us with more wealth, food, fine homes, modern conveniences, good clothing, automobiles, means of travel, health and working conditions than any other nation on earth. What have we given in return? Like Israel, we are sinning against God.

We have more immorality, drinking, gambling and out-right sinning against God than ever before in our history. God would be justified in letting His wrath fall upon us.

JUDGMENT COMPLETE (V. 18)

"The Lord was angry with Israel and moved them out of his sight." What could be worse? The ten tribes of Israel are lost. No one but God knows what happened to them. However, God knows today where they are. He made a covenant with them through Abraham that has not yet been fulfilled. He will gather those tribes together one day, and they shall inherit the land God promised them.

CONCLUSION: God is long-suffering. He is patient. However, there is a limit to his patience. This is true in his dealings with nations and when it is no longer worth while for Him to warn men. That time is when man has determined in his heart not to listen to God.

God is calling on America today to repent. America needs Christ and His salvation. Let us as individuals seek Him with all our hearts. Above all, let us pray for our nation and her leaders.

**First Christian**  
Glen Daugherty, minister

Bible school 9:30 a. m.; Clarence Aldridge, superintendent.  
Morning worship 10:30. Sermon subject, "When Faith Falters."
